PROFILE

IT student specializing in software development, with hands-on experience building web apps using Vue.js, Quasar, and Node.js. Freelance background since 2019, working on real-world projects including a PWA for a car dealership and a data management system. Passionate about clean code, modern tooling, and continuous learning. Currently looking for my first opportunity as a Junior or Trainee Developer.

EXPERIENCE

Freelance Developer

Self-employed | Jan 2024 - Jan 2025 | Remote

- Maintenance and improvement of a data management system built with Quasar + Node.js and a non-relational database.
- Bug fixing and optimization of existing features.

Freelance Frontend Developer

Self-employed | 2019 | Remote

- Developed a Progressive Web App (PWA) for a car dealership using Quasar CLI.
- Responsive interface adapted for both mobile and desktop.

EDUCATION

Tecnologo en Informatica (IT Technologist Degree)

UTU / UTEC / Udelar - Sede Buceo | Mar 2024 - Present

- 3-year university-level degree covering software development, OOP, databases, operating systems, computer networks, software engineering and infrastructure administration.

Bachillerato Tecnológico en Informatica (Technological Baccalaureate)

UTU | 2018 - 2020

- Technical high school degree covering programming, application analysis & design, web development, databases, operating systems, electronics and IT maintenance. Completed a final integrative project combining all major subjects.
